Stories

[From the Governor](#)

Rotarians and Rotary Friends:

June and July are always exciting times in the Rotary World. We have taken time to reflect our year of "Lighting up Rotary".

We now move ahead with our plans to "Be a Gift to the World."

My hat goes off to District Governor Don Taylor on his leadership during a very successful year for the clubs in District 5910. "Thank You." Don, for a job well done. Hope you and Barbara take some time for a little bit of I'm sure much needed rest. I know your service to our district will continue and we look forward to serving with you.

I would like to extend another special "thank you" to all who attended our installation banquet. The love and support extended meant more than words may tell. As I said to those in attendance, Rotary has been a "gift" to me and I cannot imagine my life without Rotary.

The 2015-2016 Rotary theme of "Be a Gift to the World" is a perfect theme for our year ahead. We each receive so much from our Rotary experiences and have so many more "gifts" to give those in our community and around the world.

Wallace and I are looking forward to the start of our club visits in July. We want to see all the "gifts" our clubs provide and will look forward to sharing our

ATTENTION EMERGING LEADERS

Rotary Zones are the functional units of Rotary International which, among other things, elect the directors who make up the board which governs Rotary. Each year, Zones 27 and 21b (our own) convenes an Institute to inform and educate Rotarians about the issues, challenges and opportunities confronting Rotary. Rotary Zone Institute 2015, to be held in San Antonio, is your opportunity to experience and understand what is happening in the vast Rotary world beyond our club and district.

Sessions will feature outstanding speakers and discussion leaders from throughout the Rotary world, including the Rotary International President-elect, our General Secretary (COO), RI directors and other dynamic thought leaders on issues facing our clubs, Rotary and the world-wide community.

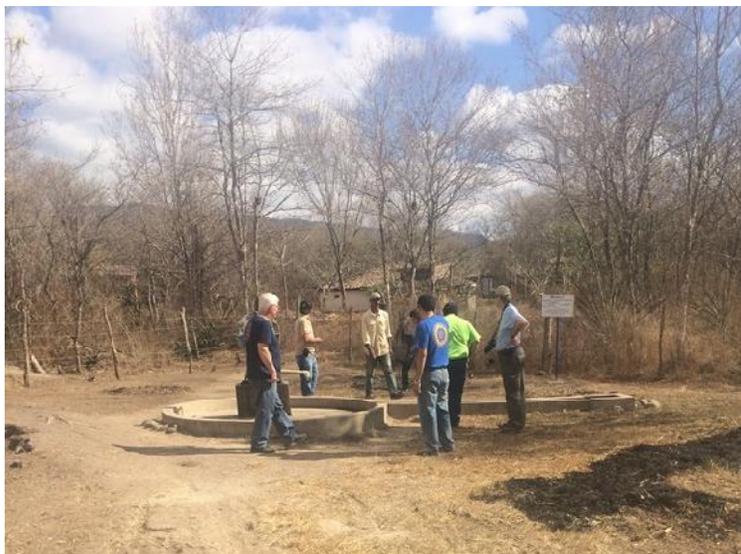

While the Institute provides focused training for governors past, current and future, many of the most interesting and inspiring sessions are open to any Rotarians, with a special emphasis on emerging leaders within our clubs and district. To learn why you should attend, talk to any PDG (or spouse) and visit:

[Appreciation to PDG Hugh Summers](#)

THANK YOU, HUGH!

If you have ever attended a District function of any type - Conference, Assembly, Training, Installation, etc. - you have surely taken notice of Hugh Summers and his multitude of cameras! What would we do without Hugh?! His dedication to recording all of our district events is magnanimous!

He not only records them, but Hugh spends hours editing, making copies of both the stills and videos for the District Governor, for the website/newsletter staff, and a master to be kept in District archives as well. Hugh's photography "gift" is one he shares time and time again with his Rotary family, and we could not be more grateful.

Rotary Club of Texas City to Rebuild Rotary Fitness Trail

Long ago, the Rotary Club of Texas City sponsored the building of a fitness trail around the various city convention and recreational buildings. The area is basically a park area in the center of town and a nice place to walk and run to stay fit. The trail has served the city well but is old now and not as suitable for walking or running as it needs to be. The surfacing has become rough and bumpy over time, and it in need of renewal.

Again the Rotary Club of Texas City will be a significant sponsor along with the City and generous industry, small businesses and caring citizens. Phase I is already completed with Phase II currently underway. Next time you visit Texas City, bring your walking shoes.
