

Rotary District 5910

Grant Program

Under the District Grant, The Rotary Foundation is providing an opportunity for Rotarians to use District Designated Funds (DDF) to undertake projects in our own communities, our countries, or in other countries. Administration of the District Grant Program is by the Grant Committee of the District.

The District Grant Program will provide funding for vocational, community, and international service projects that involve the active, personal participation of Rotarians. The projects should serve as a means of enhancing the community and/or country and improving the lives of the less fortunate where Rotary clubs and districts are present.

Application Process

Deadline for District Grant Applications will be **1 August**. Clubs must be Qualified with a signed MOU on file. Applications will then be considered by the Grants Committee.

- b) Projects must not fund existing projects or activities primarily sponsored by another organization or fund operating expenses of another organization.
- c) Project funds may not be used for travel, salaries, or other administrative overhead costs.

- g) Funds may not be used to purchase land or buildings or to construct substantial buildings. Funds must be used in compliance with the Foundation's policies on construction and renovation.

Funds must be forwarded to an account established for the project. Sponsors must provide written interim reports every six months for the life of the grant and a final written report is due within two months of a project's completion.
